Costa Toscana

# Immersive **excursions.**

We have given exploration an even deeper value.

With our excursions, you get right to the essence of the places.

Unique, customised and exclusive. Our excursions will allow you to immerse yourself in the traditions, in the colours and flavours of the destinations. **We have thought of every type of traveller:** from the art and culture enthusiast to the gourmet who wants to get to know the local flavours, to the lover of alternative itineraries. Prepare to be filled with beauty, to discover and feel the emotions of the places. Through **immersive explorations**, designed for all ages and needs, **you can experience a journey in an authentic way.**

# The journey begins **from flavours.**

Every evening, you can taste a “Destination Dish”, a dish created by one of our three internationally renowned chefs who interprets the destination visited.

Set off with us on a unique culinary journey. **Bruno Barbieri**, **Hélène Darroze** and **Ángel León** will amaze you with gourmet dishes created with seasonal and first quality ingredients. Combining local culinary traditions with the creativity of haute cuisine, **Destination Dishes** highlight the beauty of the destination explored or reveal the place that you will discover the next day.

# Pure Fun.

Our cruises are a perfect solution for a family holiday. The first reason is that children under the age of 18, in a cabin with two adults, only pay port taxes, any insurance, flights and transfers.

From water games to parties, dances to tournaments: entertainment activities are differentiated according to age. While mum and dad enjoy their well-deserved relaxation, the children have fun with our activity organizers, participating in games, shows and photos with mascots **Squok**, **Peppa Pig** and **PJ Mask**. Thanks to Kinder, toddlers will experience moments of pure joy with movement games based on the **Joy of moving** educational method, while kids can create new friendships and have fun with engaging activities such as the Zorb Challenge.

## 5 levels with exclusive experiences

The more you travel, the more you will benefit. The new rules are **simple and clear** and allow you to earn **lots of points** to quickly level up. **Points** vary according to the **cabin category** chosen. You will also be able to earn **extra points** based on the **fare** you buy your cruise with and through **Costa flights**, and for **every euro** spent on board or on MyCosta you will be awarded **2 C|Club points**.

# C|Club: a sea of **rewards.**

Join the C|Club, a world of offers and exclusive privileges that will make your cruise even more special.

On holiday you deserve the best, and the C|Club ensures you have the most memorable travel experience. **A sea of privileges and exclusive experiences** await you, both on land and on board. An aerial photograph of a rugged coastline. The sea is a deep blue, meeting a dark, pebbly beach. The cliffs are tall and eroded, showing distinct horizontal layers of rock. The sky is a clear, light blue with a few wispy clouds. The overall scene is one of natural beauty and dramatic geology.

A wide-angle photograph of the Dubai skyline at dusk or dawn. The sky is a mix of light blue and soft orange, with scattered white clouds. The city's skyscrapers, including the Burj Khalifa, are silhouetted against the sky. In the foreground, a body of water reflects the buildings and the sky. A sandy beach with several blue umbrellas is visible between the water and the city.

The image shows the Sydney Opera House at sunset. The building's iconic white, shell-like roof is illuminated by the warm, golden light of the setting sun. The sky transitions from a pale blue at the top to a deep orange near the horizon. The Opera House is reflected in the calm water in the foreground. In the background, the city skyline is visible, including several tall buildings. The overall mood is serene and picturesque.
